Dear Applicant,

Thank you for your interest in the RI Philharmonic Music School Financial Aid Program. The school offers financial aid to students from birth to age 18 based on financial need. In order to be considered for financial aid, please complete and return this application form along with all the required documentation by **July 15, 2020** for the 2010–2021 academic year (see helpful Financial Aid Checklist included in this packet). Given the number of financial aid applicants last year, **we do not expect funds to be available after this date.** Funds utilized for the Financial Aid Program come from **donors** who subsidize your child's music education. Donors have entrusted these funds to the school to assist motivated students who, for financial reasons, would otherwise be unable to study at the RI Philharmonic Music School. Financial aid is awarded based on the expectation that these funds will be used **responsibly** by the student/family. Since the fund is dependent on donor contributions, the pool of monies available for students fluctuates from year to year. As a result, the percentage of support awarded to your child may change from one year to the next. The amount of financial aid is determined by a sliding scale, which takes into account household size and income. Please understand that the school does not award full scholarships. In general, the range of financial aid awards will be between 10% and 75% of the total tuition for those who qualify. Please take this into consideration when deciding what activity/activities you will pursue.

Sincerely,

The Financial Aid Committee
